Ohio Premier Girl's Soccer Club Partners with Eagles Soccer Club

Dublin, OH - Ohio Premier Girl's Soccer Club (OP) is proud to announce that they will be entering into a partnership with the Eagles Soccer Club. Together they will become the OP Eagles. This will allow both clubs to build on each other's successes, share resources, and deliver quality programming to the members.

The U-8 through U-12 age groups will tryout at the location of their choosing – either Dublin or Arlington. They will train and play games in that location. The older age groups will have combined tryouts in one location and the players will be pooled together to form the teams.

"This is exciting time for OP to be aligning our club with the current US soccer trends", says Chris King, current Co-Director of Coaching for OP. "This will allow us to expand our brand and add exceptional staff and quality players to our club". Andrew Kessinger, Director of Coaching for Eagles, adds, "This allows us to partner with a successful and highly respected club. It also increases the tournament opportunities for our players".

Chris King will become the Technical Director and all other directors will report to him. On the girl's side, Kevin Dougherty will be the Director of Coaching and Becky Broering will be the Assistant Director of Coaching. On the boy's side, Andrew Kessinger and Chris Duff will be Co-Directors of Coaching. Shane Woodruff and Matt Ogden will head up the OP Eagles Juniors programs.

Ohio Premier is an all girls soccer club founded in 1993 and currently boasts 29 Ohio State Cup championships (OSYSA) since the inception of the club. Nike has recognized the club as one of its featured "Premier" clubs in the United States.

The Eagles Soccer Club founded in 1989, is comprised of boys and girls teams. The Eagles have earned 10 State Cup championships (OSYSA) since the inception of the club.

For questions about the partnership or more information about the club, please contact Ruth Rudibaugh, Director of Operations at 614-336-4217 or admin@opsoccer.com or visit the OP website at www.opsoccer.com or the Eagles website at www.eaglessoccer.org.
