Training Facility

Ohio Premier will be providing a new training complex for all of its OP Eagles players this Fall, located just around the corner from Darree fields! We have just finalized an agreement for our own 50,000 square foot indoor facility, containing offices, locker rooms, observation areas for players and guests, and over 35,000 square feet of open playing space. This facility also has a second building, which will be dedicated to our OP Juniors, Academy and Futsal programs. The site will also include four outdoor training pods. We are the only club in Ohio to provide such outstanding facilities for their players.
